H) Personnel Manual
Updates

Amendment to the East Bay Charter Township Employee Manual November 10, 2008

Listed below is the recommended update to the Employee Manual. The change is allowing township employees to service on boards and committees for the township with the exception of the Township Board of Trustees.

Current Verbage

7.1 Political Activities

Employees shall not use their township position for any political purpose nor engage in political activities during working hours. Banned political activities during working hours include, but not limited to, wearing political buttons, soliciting political contributions, displaying political bumper stickers or posters on township vehicles or property or distributing political materials. Employees, who are elected to a township office, are required to resign.

An employee whose position is funded by a federal grant (excluding anti-recession fiscal assistance program and federal revenue sharing) or an employee under a federal program may not be a candidate for a partisan elective office.

Amended Verbage

7.1 Political Activities

Employees shall not use their township position for any political purpose nor engage in political activities during working hours. Banned political activities during working hours include, but not limited to, wearing political buttons, soliciting political contributions, displaying political bumper stickers or posters on township vehicles or property or distributing political materials. Employees, who are elected to the Township Board, are required to resign.

An employee whose position is funded by a federal grant (excluding anti-recession fiscal assistance program and federal revenue sharing) or an employee under a federal program may not be a candidate for a partisan elective office.
